Our Mission & Vision

By God's grace and for His glory only, Woodland Christian School exists to educate and prepare students for college and Christian life. We believe that by faith in Christ our students, parents, and staff can change the world.

Woodland Christian School exists to educate and prepare students for college and Christian life. We believe that by faith in Christ our students, parents, and staff can change the world. Our educational programs and philosophy will encourage students to become persons of faith, effective communicators, life-long critical thinkers, quality producers and community contributors.

Welcome Back

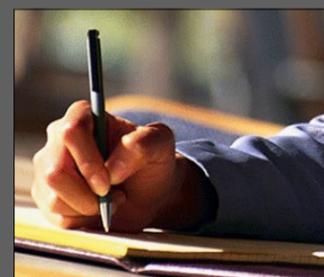

Dear WCHS Families,

I hope you had a chance to relax and recharge. It is a blessing to be returning this school year as your child's academic advisor. It is my goal to help, guide and support each student and their family as you navigate through high school and plan for what lies beyond. I love getting to know students and helping them discover their God-given talents, abilities and passions. A major part of my job includes developing a 4 year high school plan for each student. I want students to have a variety of options available to them after high school and I will do my very best to see that they have met the requirements for different colleges and universities. I look forward to partnering with parents in this process through individual meetings with all 9th grade students and at our college information nights. Please feel free to contact me if you have any questions. Thank you for allowing me to be part of your child's education. It is a great privilege and I give God thanks for this opportunity. Sincerely, *Rachel Truesdell*. rtruesdell@woodlandchristian.org

PARENTS ARE INVITED... Plan on attending our annual Christian College Fair TUESDAY, SEPTEMBER 13 FROM 9:30-11:30

A college fair gives you the chance to talk to representatives from many Christian colleges and universities in a short period of time. That way, you can get the information you need to create a list of schools you're interested in researching further. College fairs also allow you to discover specific things you want to know instead of just reading general information in brochures and online. And, if you have a strategy in place, going to a college fair can be a good way to see schools "close up." This can really focus your college search by helping you figure out what schools might be good to consider and which ones aren't a good fit for you. Although college visits are the best way to learn more about a school you're really interested in, a college fair can be the next best thing. It's a way to talk face-to-face with people from a school.

College Application/Essay workshop for seniors

Join us for this opportunity to learn what you need to know about the application process and your essay directly from an admissions officer.

Thursday, August 18th

B6 - Nelson's Room

Lunch provided at 12:15

Workshop 1:00 - 2:30

RSVP by August 17 to:

rtruesdell@woodlandchristian.org

The American Legion Boys State and Auxiliary Girls State

are the premier programs for teaching how government works while developing leadership skills & an appreciation for your rights as a citizen. As a participant in the program students run for office, learn public speaking, create and enforce laws and actively participate in all phases of creating and running a working government in an exciting and fun summer program.

Natalie Schroyer's highlight from her week at Girls State was the Inauguration Ceremony and dance... And, when the California State Controller, Betty T. Yee, gave the girls a motivational speech.

John Camacho's highlight was when his city decided to use everything in their power to get their candidate back on the ballot for Governor. John thought this was a great bonding experience and taught him a lot about what a group of people can do!

Isabel Herkenrath loved her experience at Rotary Club's, *Camp Venture*, geared toward future business entrepreneurs. She was part of group who created an event planning app and won 3rd which was super cool! She also met so many wonderful people who are great leaders!

Coming Ahead

High School Orientation is Tues., Aug. 16th.

Student Schedules: All student class schedules will be distributed at Orientation. Schedule changes can be made with Mrs. Truesdell beginning Wed., August 24 - Wed, Sept. 7th.

Our Hannah Wyatt is soaring to new heights at the USAF Academy this summer!

Pressing On
